THE US ARMY TEACHES TRADES

Are you a skilled man? Are you satisfied with your job and your prospects? Have you ever wanted to be a surveyor—or radio operator—or to hold down a technical job? There's where the big pay is—and getting it is only a matter of knowing enough. If you want to know more, the Army is a great place to learn. A soldier has a chance to learn to be expert in one of many technical jobs. He earns a good living while he's studying. He has money in his pocket at the end of every month. It doesn't cost him a cent to fit himself for a "big-pay" job when he goes back to civil life. And he sees new places and faces while he's earning and learning. It's a good job—an unusually good job as jobs go, nowadays—and it is a way to a better job afterwards. Ask a recruiting officer.

Tri-State Briefs

CRENSHAW, Miss.—Fire of unknown origin broke out in the store building of L. H. Asker, of Asker, Miss., two miles north of this place, and consumed his entire stock of goods. The building and contents were partially covered by insurance.

PADUCAH, Ky.—On charges of violating the Mann act, John Laflen, an employee on the river, was arrested here by Deputy United States Marshal Kimbrell and placed in the MacCadden county jail. The charges were preferred by Miss Effie Whitley, whose home is in Tennessee, near Paducah.

PINE BLUFF, Ark.—Richard A. Baugh, who has lived here about six years is a native of Ireland and remembers well the late Lord Mayor of Cork, Terence MacSwiney. Baugh said that his bride of three weeks lived within six miles of Cork in a town named Potolunda, and was well acquainted with the family of MacSwiney and they were surprised that the mayor had started himself to death and it is their belief that nothing will be gained by his death.

GREENVILLE, Miss.—T. V. Marks, representing the Gals-Hooper company of Memphis, was seriously injured near here when his automobile skidded and ran into a ditch. Marks suffered a severe fracture to his leg and was brought to Greenville for medical aid.

UNIVERSITY, Ala.—Prof. George J. Adams, of Washington, D. C., recently professor of geology at the government University of Indiana, China, has succeeded Dr. Douglas H. Silliman in that chair at the University of Alabama, the latter resigning to take charge of the geological department of the University of Tennessee, which is a position of considerable importance.

NEWBERN, Tenn.—A wedding of much interest was celebrated here at the Newbern Methodist parsonage, when Levi White, of Nashville, and Miss Mary H. Hatcher, of Nashville, were quietly married by Elder Harlan Neal, of this city.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and costs about 8¢. Easily and quickly prepared.

If you combine the curative properties of over-known "ready-made" cough remedy, you probably could not get as much relief and comfort as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 25 capsules of Pinex, pour it into a quart bottle and fill the bottle with syrup made either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never clogs.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and leads the secreted membranes to excrete and finally that is really restoring.

A day's use will usually overcome the ordinary rough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for 25 capsules of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Condensed Fruit Juices in each Jiffy-Jell Dessert

Remember how Jiffy-Jell excels the old-time quick gelatin desserts.

Jiffy-Jell is a real-fruit dainty, rich in fruit. We crush the fruit, condense the juice and seal it in a vial. You get the delights and healthfulness of fruit, not a mere fruity taste.

The fruit is plentiful. We crush, for instance, half a pineapple to flavor one dessert. This is done in Hawaii—fruit too ripe to ship. The fruit alone might cost you as much as the whole dessert.

This is most important. People need fruit daily—real fruit, not mere flavor. Jiffy-Jell serves it in delicious form, with a moment's trouble, at a trifling cost. Join the millions who enjoy it. Start this week and send the trade-marks for the molds we offer free.
